6. (14:58) (7:14 PM) (NOI-DEP #143-1038) Public Hearing Continued: Notice of Intent: Whitin Reservoir Dam Operation & Maintenance Manual: Whitin Reservoir Watershed District – Possible Votes

Lauren Gluck, Matt Lyle and Brian Dutra from Pare Corporation, and Paul Collette with the Whitin Reservoir Watershed District joined remotely, stated they received comments from DEP, Natural Heritage and the Conservation Commission and they have provided some responses in a letter dated February 16, 2022. At this time, they have not received a received a reply from Natural Heritage. Commission asked if Ms. Gluck could go over the 3 comments from the commission. The first one, they added all the terms requested in the definition section of the owner's manual, second was to specify who the reports will be distributed to and that was also updated in the manual, third is they were to do any aquatic vegetation management in the future it would be submitted as a separate NOI. The commission asked that the aquatic vegetation management language be added to the plan for future reference. The commission would like to wait till they here back from Natural Heritage to decide. The commission asked what the schedule for the refilling is at this point. Paul Collette responded that there is still ice so not for the next week to ten days. The commission will agree to starting the refill when the ice is melted.

New Business:

8. (39:00) (7:39 PM) (NOI-DEP #143-10xx) Public Hearing: Notice of Intent: Douglas Water and Sewer Department.

The proposed work is located at North Street, Gilboa Street and Northeast Main Street in Douglas and Lackey Dam Road in Uxbridge, MA and involves: the installation of new water main and sewer force mains and appurtenant structures within various public ways (North Street, Gilboa Street, Northeast Main Street) in both Douglas and Uxbridge, MA and the removal of an existing pump station and replacement with and energy efficient unit at Parcel 138-44 on Gilboa Street.

Michelle Simoneaux with Scan Tech and Fereshteh Doost (engineer) joined remotely to give an overview. They filed the NOI because two sections of the project are not exempt. Ms. Doost went over the aspects of the project plans. What pipes are being replaced and the changes with the pump station, specifically with the pump station “parking” turn around area that is proposed

to be covered with re-grind asphalt. The commission is concerned about how close the grave is to the water bank. Bob Sullivan the water sewer systems manager for the town of Douglas present at the meeting stated that he requested the re-grind because he thought the town would have an issue with asphalt. The commission responded that they would rather see it paved with a berm if it can be reduced in size from the 13 x 35 to 10 x 35. The commission also has a concern about how close the fence is to the wetlands and would like to see it moved further away from the wetlands.

(1:44:07) (8:44 PM) Motion to continue public hearing to March 21, 2022 at 7:00 PM made by Mark Mungeam, seconded by Katiegrace Dudley. Roll call vote – Eric Harris, Art Montminy, Mike Greco, Mark Mungeam, KG Dudley all in favor.
