

Commissioners Meeting

June 3, 2014

Meeting called to order at: 7:05 p.m.

Members in attendance: Robert Josey and Keith Bloniasz

Others in attendance: Systems Manager, Robert Sullivan

No Citizens Forum

Keith Bloniasz makes a motion to keep the members in the board in the same positions: Robert Josey as Chairman, Colin Haire as Vice Chairman and himself as Secretary.

Robert Josey Seconds.

All in favor, Aye.

Robert Cherrier is not at this meeting and called and said that he may not be able to attend this meeting.

Keith Bloniasz makes a motion to accept the meeting minutes from May 6, 2014.

Robert Josey Seconds.

All in favor, Aye.

When are going to start North East Main Street Extension?

It's all hinging on Highway unless we want to pay a fortune and have RH White do the work.

Not much construction going on.

Tomorrow I will be discussing with John about the extension while completing Booster Station project.

Most of the guys are on vacation due to the end of the year and trying to use time up.

We hope to get off road in one day.

It should be nice smooth digging because it's all sand.

The date we are looking at is second week in July.

No Water Report

Sewer Report read by Robert Sullivan

Booster Station Project Tomorrow

John got grant to pave between Franklin and Glen so we have to get the Booster Station project completed before paving.

We have to dig it up and reconnect it.

National Grid is coming to hold pole because it's so close to hole.

There will be a new six inch in and out, fittings to adapt and tie into eight inch into road.

Adapt it to the outside.

It's fourteen feet off road.

Water main is in the middle of the lane.

A lot of people will be shut off.

They will be down all day.

We told people sixteen hours.

We need to talk to FST to design and go out to bid.

Hydrant repair on Main Street

We are waiting for the vac truck to be repaired.

It's too expensive to rent the truck.

Check with Helgerson for a vac truck and find out pricing.

Grant approved for \$ 12, 114.00.

Budget

Lack of personal is helping budget.

One interview is done, more to do.

It is tracking well though.

Colin Haire Enters

Rob Cherrier Enters

12 Bridge Street, Douglas, MA.

He states that he is looking to purchase 20 Lackey Dam in Uxbridge, MA.

I was interested in hooking up to the water, possibly sewer.

Robert Sullivan said the connector road is expected to be put in in about ten years or so.

What are you putting in?

Rob explains that it's an auto repair garage and down the road a carwash.

We'd have to look into inter municipal agreement with Uxbridge.

Look into permit for Uxbridge.

Have you gone to Uxbridge for permit?

Rob says No. The site does not need Site Plan Review, it just needs a septic. It does need a Special Permit to restore more than 3 cars on the site. Not for a garage though. The piece is zoned business.

The biggest part is to hook up the water.

\$2,500.00 Connection Fee; plus the labor, digging and tap to the house.

Rob says he's in no hurry and will be in touch.

Rob Cherrier Exists

Keith Bloniasz makes a motion to adjourn at 7:38 p.m.

Colin Haire Seconds.

All in favor, Aye.
