Dear Mr. Guzinski:

Charter Communications is committed to improving the overall experience for customers in your community and is delivering more value with new and existing products & services. This letter is to inform you about upcoming changes to our customer pricing.

We work hard to manage our business expenses, however, at this time we find it necessary to make adjustments to our pricing that reflect cost changes in the marketplace. Upcoming customer statements will reflect adjustments made to pricing for customers in your community.

- Due to rising programming costs, effective with your next billing statement on or after September 15, 2014, pricing will be adjusted for the Broadcast TV Surcharge from \$3.50 to \$5.00. This reflects charges assessed to Charter by broadcast TV stations.

If you have any questions about these or any other changes, please contact me at 508-595-5457 or via email at [Tom.Cohan@charter.com](mailto:Tom.Cohan@charter.com).

Re: Charter Communications -Notice of Channel Lineup Change

Dear Mr. Guzinski:

This is to inform you that Charter is making some exciting changes for our customers in Douglas. We're going "all-digital", and we're adding **more than 80 new high definition (HD) channels to our lineup.**

On or after October 7, 2014, Charter will begin removing the analog format of every channel from our lineup and delivering only high-quality digital signals to each television outlet in the home. Many channels will move as fully detailed in the attached customer notification. The following Public, Educational and Government (PEG) Access channels will move and are listed below for your reference:

Programming Service	Current Channel	New Digital Channel
Public Access	11	191
Government Access	12	192
Educational Access	13	194

Over time, television technology has transitioned from low-tech analog to the high-quality digital format. As we move to all digital, we will be significantly increasing our HD lineup, up to 200 channels. We are enhancing our Video On Demand (VOD) offering with 2,500 additional titles, providing more than 10,000 VOD options. There is no additional fee for the new HD channels for customers already subscribing to Charter HD services.

Over 90 percent of Charter's customers are already using digital equipment from Charter to view their favorite channels. For customers without a Charter issued set top

box or a CableCard device connected to their televisions, this change will require each TV to be installed with Charter Digital equipment to continue viewing favorite programming.

To ensure a smooth transition for non-digital households, Charter is providing free digital equipment to customers for a specified period of time depending on eligibility. These offers will vary based on a customer's current level of service and are described in greater detail in the attached customer notification. Applicable standard equipment rate card pricing will apply upon expiration of those offers.

Concurrent with the move to all digital, we will be encrypting our basic tier of service. For customers without digital equipment, free equipment offers are being made available based on a customer's eligibility and the tier of service to which they currently subscribe. Encryption of the basic tier will ultimately result in a more secure network and free up necessary bandwidth for increased Internet speeds and other advanced services.

In the coming weeks, Charter will actively communicate with customers about how to make the move to all digital. Customer notification efforts will include first class letters, phone calls, telemarketing efforts and an informational website ([www.charter.com/digitalnow](http://www.charter.com/digitalnow)). Please note, the sample customer letter and box offer that is enclosed is for Basic Service customers.

Please contact me with any questions or comments you may have at 508-595-5457 or [Tom.Cohan@charter.com](mailto:Tom.Cohan@charter.com). If any of your residents require assistance please direct them to our customer care group at 1-888-GET CHARTER (1-888-438-2427).

Sincerely,

Thomas P. Cohan  
Director of Government Affairs

On October 7, 2014, Charter will start encrypting the Basic Service Tier offering on your cable system. If you have a set-top box, digital transport adapter (DTA), or a retail CableCARD device connected to each of your TVs, you will be unaffected by this change. However, if you are currently receiving the Basic Service Tier offering on any TV without equipment supplied by Charter, you will lose the ability to view any channels on that TV. If you are affected, you should contact Charter to arrange for the equipment you need to continue receiving your services. In such case, you are entitled to receive equipment at no additional charge or service fee for a limited period of time. The number and type of devices you are entitled to receive and for how long will vary depending on your situation. If you are a Basic Service Tier offering customer and receive the service on your TV without Charter-supplied equipment, Charter will provide you up to two devices for two years (five years if you also receive Medicaid). If you subscribe to a higher level of service and receive the Basic Service Tier offering on a secondary TV without Charter-supplied equipment, Charter will provide you one device for one year. You can learn more about this equipment offer and eligibility at [charter.com/digitalnow](http://charter.com/digitalnow) or by calling 1-877-961-8517. To qualify for any equipment at no additional charge or service fee, you must request the equipment between October 7, 2014 and February 4, 2015 and satisfy all other eligibility requirements.

2. **Financials:** Thru 6/14: F/T Wages: YTD: \$7,218.68, P/T Wages: YTD: \$21,243.15, Repairs and Maintenance: YTD: \$434.44, Advertising: YTD: \$117.90, Legal: YTD: \$7,745.00, Engineering/Architecture: YTD: \$337.50, Office Supplies: YTD: \$891.11, Other Supplies: YTD: \$49.98, In-state Travel: YTD: \$160.40, Dues and Membership: YTD: 600.00, Equipment: YTD: \$2,447.50. Total YTD: \$41,245.66. Pat went through End of FY14 spreadsheet.
3. **Correspondence:** Charter sample bill, Open Meeting Checklist, Bob and Tom reappointment letters, Comcast/Charter transfer notices. Mitch explained the Comcast takeover of Central MA from Charter. He spoke to Atty Solomon and Tom Cohan of Charter and both said the newly signed license will transfer as-is to Comcast. The Town has a right to an open hearing about the matter to discuss possible issues, but Atty Solomon said that would be unnecessary, as Comcast can clearly maintain service appropriately to Douglas and abide by the current contract. Mitch will pass the recommendation to *not hold a public hearing* on to the Board of Selectmen, as they have this issue listed on their Agenda.
4. **FY16 Revenue:** The Board of Selectmen approved the FY16 revenue request of a 3% increase, to be received in March 2015. A discussion about the fiber lines to be installed in accordance with the new license, how they will be laid out at the Municipal Center, and any new equipment that is to be installed.
5. **Meeting Minutes:** 5/12/14: Tom motioned to accept as presented, Bob 2nd, unanimous favor.
6. **Job Description “Cable Coordinator”:** The Coordinator position was changed from part time to full time, and the Personnel Board wanted the DCAC to take another look at the current job description. Tom motioned to approve the Cable Coordinator job description as written with one change from “Part time” to “Full time”, Bob 2nd, unanimous favor. Mitch will forward to the Personnel Board.
7. **Cable Coordinator Benefits:** Pat explained a sheet from Jeanne explaining the

calculations of the new benefits attached to the full time Coordinator position, including how she calculates sick, vacation, and personal days. Pat also submitted a memo to the Town describing his wish to surrender all holidays except for the "big four" holidays: New Years, July 4th, Thanksgiving, and Christmas - in order to have optimal flexibility. Tom motioned to appoint Mitch Cohen to sign off on the presented time off and holiday provisions for Cable Coordinator "full time" benefits as presented, Chris 2nd, unanimous favor.

8. **Coordinator Review:** Placed on the Agenda for next meeting.
9. **Coordinator's Report:** Pat submitted May & June 2014 meetings report. Pat acknowledged that he needs to go back through and take out "public" events from the meeting report and create a Public sheet as well. Douglas Cable Access has been "Google Verified" in business listings. Memorial Day 2014 video was good, stickypod was great, shotgun mics worked well. Video is on YouTube and Channel 11. Pat visited the High School Room 208 to audit their equipment, will have some equipment recommendations. Pat submitted some equipment research for "field" production, and will narrow it down further. Some discussion about equipment needs.
10. **Equipment:** Bob motioned to spend up to \$300.00 for an EZ-Up tent, a folding table, and a couple folding chairs, Tom 2nd, unanimous favor.

The VP64A and VP64AL are high-output omnidirectional handheld dynamic microphones designed for professional audio and video production. They combine exceptional performance and comfortable feel with a handsome on-camera appearance.

The VP64A and VP64AL are identical except for handle length. The 7 7/8" (200 mm) long VP64A is ideal for close-up use and can be used outside as well as indoors. The VP64AL is well-suited to location interviews, sports broadcasting, and other situations where the 9 5/8" (244 mm) length is an advantage.

The omnidirectional pickup pattern provides uniform pickup on or off axis, eliminating the need for critical microphone positioning. The VP64A series also features a tailored frequency response with an upper midrange presence rise that adds crispness and clarity to speech. The cartridge utilizes a neodymium magnet for higher output and increased signal-to-noise ratio.

The cartridge is housed in a rubber isolation mount for ruggedness and to minimize handling noise. It is protected by a water-resistant mesh that enables the microphone to be used during the most challenging weather conditions. For added wind and "pop" protection, use the supplied windscreens.

[Live Chat](#)[Overview](#)[In the Box](#)[Customer Reviews](#)[Accessories](#)[Essential Accessories](#)[Stands & Support](#)[Show more >](#)

Quik-Lok's MP892 Small Rubber Mic Clip for Wired Microphones lets you mount average-sized mics on a 5/8" (1.6 cm) threaded microphone stand, freeing your hands. The sturdy MP892 fits most common handheld dynamic mics and is a handy addition to anyone's recording kit. The rubbery material reduces friction noise when you pull the mic off its stand.

**Fits Most Common Mics**

The MP892 holds average-sized wired mics, such as handheld dynamics.

**Rubber Clip**

The softer rubber clip makes less noise than a hard plastic clip when placing or removing a mic from its stand. It also gives slightly to securely hold mics of varying diameter.

**Rock Steady**

Mount your mic on a stand and free your hands for clapping, gesturing or playing an instrument. The fixed-size mount holds tight, even if you angle your mic toward the floor.
