1. (:20 TS) New Hot Wok – Discussion on performance – Possible votes
Dick Skinner stated that he thinks they have made substantial positive progress, the Board reviewed the reports from the food inspectors. This meeting is to discuss further action because they have come up on the 3-month review time period given to the establishment. Mr. Balbi stated that at this point he feels comfortable that they no longer need the consultant but should maintain regular inspections periodically more than once a year, the rest of the Board agrees. The score on the report was a 94 and the inspector does not think they need the consultant any longer. The Board agreed on quarterly inspections for the time being.
